ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority serves the jurisdiction of Lake County, Illinois which has been identified as one of the most affluent counties in the United States and the second wealthiest the Chicago metropolitan region. Very few census tracts in the County fall within the definition of "high poverty". The area is one of high homeownership with rentals accounting for only 22% of the available units. The vacancy rate among these units is 4.7% which is low by HUD standards. The jurisdiction lies within one of the metropolitan regions where the Department has authorized agencies to establish fair market rents at the 50th percentile.

The Authority manages 620 units of conventional public housing at 145 sites. It has 332 units for elderly residents at seven sites that include walk-up, mid-rise and high rise buildings. The remaining 286 units for families include a 125 townhome development, 133 scattered site single family homes and 28 units in multi-unit buildings at seven sites. In addition the Authority owns 6 scattered site single family homes separate from the public housing program. All new admissions to the program and annually all participants are given the choice between paying an income based rent or a flat rent based on FMRs.

The Authority is engaged in aggressive screening to determine desirability as a tenant and lease enforcement for drug related or violent criminal activity as well as the community service requirement. The agency's modernization efforts have received high marks from the Corps of Engineers and it administers both a Drug Elimination Program and ROSS Service Coordinator

Lake County Housing Authority's Deconcentration Policy conforms to the Departments established income ranges and reviews average incomes by developments on a monthly basis. Given the nature of the Authority's housing stock the goal of deconcentration has generally been met due to the type, size and location of its developments.

The Housing Authority provides housing assistance through the administration of 2,325 vouchers, 40 certificates and 11 moderate rehabilitation units. It operates a number of special admissions programs

including the Family Unification Program, Mainstream Program for persons with disabilities, Welfare to Work Program and has committed available assistance to the Lake County Continuum of Care effort. The payment standard is established at 110% of the increased FMR for the Chicago metropolitan area. Lake County Housing Authority is also a member of the Chicago regionwide Metrolinks Program and contracts with a local fair housing agency to provide mobility counseling. Finally, the Authority is responsible for the ACC administration of 582 Section 8 apartments and townhomes.

The Authority maintains separate waiting lists for its Low Rent and Housing Choice Voucher Programs with approximately 2500 families on the public housing list and 2800 families on the Section 8 list. Both programs share common preferences that include preferences for residency in Lake County, victims of domestic violence, the elderly and the disabled.

DECONCENTRATION POLICY

It is the policy of the Lake County Housing Authority to promote economic integration within its general occupancy developments (family housing) all of which exist as scattered site housing or are defined by the Department of Housing and Urban Development as “small developments”. In general, because of the nature of the Authority’s housing stock, developments with average incomes outside of the established income range may be regarded as having met the goals of deconcentration by virtue of their size, location and/or configuration. However, in order to evaluate the status of its developments the Authority will regularly collect and analyze income data.

Based on income data collected each month, the Authority shall determine annually the average income of all families residing in its general occupancy developments. Family housing developed in conjunction with elderly housing projects will be considered separate general occupancy developments for the purposes of this policy. Families with incomes above 115 % of the average shall be deemed high income and those below 85 % of the average shall be designated as low income families.

Annually, based on income data collected monthly, the Authority shall determine the average income for each general occupancy development. Developments with average incomes above 115% of the overall average for Authority residents residing in family housing shall be designated high income developments while those with average incomes below 85 % the overall average for Authority residents residing in general occupancy developments shall be designated low income developments.

The Authority recognizes that income data appearing on the pre-application may not be current when the family’s name rises to the top of the waiting list. Consequently, not less than monthly, the Low Rent Program will mail a request for updated information to the top fifteen families on the general occupancy waiting list. It is the family’s responsibility to respond with current information in order to assure the offer of an appropriate unit. The Housing Authority can not be held liable for improper skipping where a family neglects to provide current information. Further, the procedure and product of skipping is not subject to the Authority’s Grievance Procedures.

When a unit becomes available in a high-income development, the Authority may skip families on its waiting list, if necessary, to make the offer of the unit to a family with an income below the overall average. Similarly, when a unit becomes available in a low-income development, the Authority may skip families on its waiting list, if necessary, to make an offer of the unit to a family having an income above the overall Authority average. If the waiting list does not contain a family in the desired income category for the next available unit of family housing the Authority will offer the unit to the first family on the waiting list. In managing its waiting list to achieve economic integration the Authority may apply preferences except if using them would result in either offering a unit in a high income development to a family with income above the overall average or offering a unit in a low income development to a family with income below the overall average. These restrictions shall not apply to a family offered a unit as a result of a preference based on domestic violence.

Any family rejecting the offer of a unit resulting from skipping shall retain its position on the waiting list subject to the list’s periodical reranking.

At its discretion the Authority may evaluate income averages for general occupancy developments either monthly or quarterly to monitor the effects of its deconcentration procedures. Developments with average incomes between 115% and 85% of the overall average income shall be regarded as economically stable and integrated and newly vacated units within those developments exempt from deconcentration procedures until such time as the established income range is exceeded. In order to maintain economic integration, stable developments shall be evaluated at the same time as non-stable developments. Where imbalances reemerge beyond the established income range, a general occupancy development will again be subject to deconcentration procedures unless they may be regarded as having met deconcentration goals due to their size, location or configuration.

The Application must be renewed at the pet owners annual recertification and evidence of current licensure presented. Pets will only be allowed upon the approval of the Application by the Authority. At admission the

Application must be accompanied by appropriate proof that the pet is licensed if so required by the municipality in which the unit is located and that the animal has received inoculations for rabies and other communicable diseases. A photograph of each pet must be provided to the Authority. Residents wishing to become pet owners may receive conditional approval of an Application provided they agree to submit the same inoculation documentation and a photograph after the pet joins the household. The Application must provide for at least one affidavit of agreement signed by someone other than a household member to care for the pet in the event that illness or other circumstance prevents the owner from providing appropriate levels of care. The Application will also require consent of the owner to allow the Authority to place the pet in the care of a veterinarian or reputable pet care agency should the Authority be unable to contact the alternate caregiver within 24 hours or the alternate caregiver refuses assistance. Such action would be taken at the expense of the owner. Residents who are not current on their rent or any repayment agreement may not apply for pet ownership.

Deposit and Charges

A pet deposit of \$300 will be required to be submitted with the Application except at buildings housing elderly residents where the pet deposit will be equal to the household's security deposit but not to exceed \$300. The deposit will be returned when the household vacates the unit unless its use is necessary to cure problems created directly or indirectly by pet ownership.

The Authority may recover costs it incurs that are associated with its obtaining appropriate care for the pet in the event the owner is incapacitated and the alternate caregiver is unavailable or refuses assistance. The Authority shall charge an amount equal to its cost for an hour's labor for removing pet waste beginning with the onset of each hour of labor.

Restrictions

1. Pet owners or alternate caregivers shall be responsible for the removal of all pet waste. All dog waste outdoors shall be scooped and properly disposed of and cat litter will be securely bagged before depositing it in garbage containers. Cages and aquariums shall be regularly cleaned and maintained in a manner that does not cause offensive odor.
2. Dogs and cats shall be restrained by leash or harness and under human control whenever they are outside the unit, indoors or outdoors.
3. Dogs and cats must wear collars at all time with appropriate licensure and valid rabies tag displayed.
4. Pets conventionally housed in cages, terraria or aquaria shall be so housed.
5. Dogs, cats and rabbits shall be neutered before they reach six months of age and documentation to that effect provided the Authority.
6. Pets must be under control at all times. Pet owners are responsible for the behavior of their animals at all times. Pets shall not be allowed to disturb the right of other resident's or neighbor's peaceful enjoyment of the premises due to noise, odor, threatening or physically harming behavior, vermin or parasites.
7. Pets are not allowed in any common area of a building except for egress or ingress to and from the closest entrance to the pet owner's unit.
8. No animal found to be dangerous or deemed to be vicious shall be permitted on Authority property.
9. Pet owners and other residents are responsible for visiting pets which are subject to the same restrictions recited in this policy.
10. Pet owners shall indemnify the Authority and hold it harmless against loss or liability of any kind arising from their pets.
11. Cases of inappropriate care, abuse or abandonment shall be referred for investigation to animal control authorities or the Humane Society and the owner shall hold harmless the Authority for such referrals made in good faith.

Exemptions

The Authority shall, as a reasonable accommodation, waive elements of the Pet Policy for persons with disabilities. Nothing herein shall hinder full access to units and common areas by persons with disabilities who utilize certified guide dogs, signal dogs or other service dogs.

Enforcement

Any resident or employee of the Housing Authority observing a violation of the Pet Policy shall report the infraction to the Low Rent Housing Management. The pet owner shall be served written notice of the violation and means necessary to avoid future violations. The notice shall inform the pet owner that subsequent violations of the Policy may be grounds for the termination of pet ownership or the lease. In the event of repeated violations the Authority shall act to terminate tenancy in accordance with provisions of the lease which include notification that the Authority's actions are subject to its Grievance Procedures.

Implementation of Community Service Requirements

Pursuant to HUD regulations the Authority's Board of Commissioners adopted a policy requiring that households receiving TANF assistance perform 8 hours of community service each month and amended the low rent housing program lease to incorporate this requirement after allowing for the statutory period for resident review and comment. In advance of this action, all non-elderly public housing residents were provided a copy of the proposed policy and the amended lease language. Additionally, the Authority entered into a cooperation agreement with the State of Illinois Department of Human Services for the exchange of information related to TANF participation.

In implementing the policy the Authority originally examined its rent roster to determine which covered households received TANF benefits and were subject to the community service requirement. Those households were provided additional notice of their obligations and were given a sample list of the types of agencies or organizations through which the volunteer community service requirement could be met. They were also provided with community service work verification forms to be completed by the supervisor at the agency or organization site where the work is performed.

The Community Service Policy has been included as part of the Handbook for new admissions and is discussed in resident orientation meetings prior to occupancy.

Each month the Authority reviews its rent roster to determine which households are covered by the policy and sends letters reminding TANF recipients of their responsibility under the lease. Those that do not verify that they have met the community service requirement are informed of their obligation to make up their community service deficit or enter into an agreement with the Authority to do so at their first annual recertification following the policy's adoption. Further, they are put on notice that failure to enter into an agreement or comply with its conditions will result in the non-renewal of their lease beyond its term.

Section 8 Homeownership Capacity Statement

Lake County Housing Authority is in the process of developing policies to govern the use of Section 8 resources to assist program participants become homeowners. The Authority envisions limiting eligibility to those Section 8 families that have been enrolled in the Family Self Sufficiency Program for one or more years; do not owe the Authority any money; have the ability to make a minimal downpayment from their own savings; have sufficient income to support principal, interest, tax and insurance obligations; attend housing counseling; and, are able to qualify for a governmentally insured or private sector loan meeting generally acceptable underwriting standards.

Lake County Housing Authority is recognized by the Department as a Comprehensive Housing Counseling Agency and has received HUD support for that service. In previous years the Authority administered a County CDBG funded shared equity homeownership program for first time buyers. The County opted to shift responsibility for that program to its Affordable Housing Commission upon its creation.

Attachment IL056 h01

Statement of Progress

Lake County Housing Authority continues to provide its low rent program residents with safe and well maintained housing and services as evidenced by its high marks on Resident Satisfaction and PHDEP surveys. Its modernization program has proceeded in an orderly fashion with funds obligated and expended within program requirements. The quality of documentation and physical work has consistently been praised by the Army Corps of Engineers personnel during their on site inspections. The Authority has also applied for and received ROSS funding for Service Coordinators and contracted with a local social service agency to provide those services to elderly residents to increase their independence and well being. During the year the Authority adopted new admissions preferences for the Section 8 and public housing programs to better meet the housing needs of disabled and elderly persons. The Authority has picked up additional Section 8 vouchers as a result of “opt out” by two developments and has filled 100% of its Welfare to Work allocation received through the regional Metrolinks consortium. Additionally, through Metrolinks, the Authority received a MacArthur Foundation grant to contract with the Fair Housing Center of Lake County to provide mobility counseling to recipients of Section 8 vouchers and recruit new property owners for the program who have rental units in higher income census tracts.
